

i am a long distance truck driver. i have been a subscriber to xm radio for about 18 months, this is the best thing to hit the market. the weather and traffic channels are a very useful tool for my trade. i donthave to search many channels to find the info i need. this service has saved much time and fuel costs by knowing ahead of time which routes to take. please dont limit my ability to perform my work. thank you, john ferrell, independent truckdriver
